

The world around you is not what it seems

# Join the Enlightened!

Ingress is an augmented reality game played on your Android or iOS device. Capture portals within the game located at local landmarks, works of art and other hidden places in your city. Enjoy working with players in your local community and from around the world to battle the other team and enlighten their minds.

Visit the Play or App Store to download the game and join us.  
We have a great community to support you. <http://austinenl.com/>
